SCOOTER TIRES

PMC098

SCOOTER TIRES FOR BOTH WET AND DRY.

The PMC-098 features a directional tread pattern with a lengthwise center groove for even wear. Curved grooves on the shoulder ensures stability, provides better lowering rolling resistance, and helps with water evacuation.

SIZE	LOAD / SPEED	F/R	TT / TL
100/90-10	56J		TUBELESS

PMC100

A MORE CAPABLE ALL-ROUNDER SCOOTER TIRE.

The PMC-100 showcases a wavy longitudinal groove together with a streamlined tread design to better promote water dispersion promote wear regularity. This results in a smoother, more responsive ride. The low void ratio means an increased tread life.

SIZE	LOAD / SPEED	F/R	TT / TL
90/90-10	50J		TUBETYPE / TUBELESS

SCOOTER TIRES

PMC119B

READY FOR EVERY ADVENTURE.

Designed to excel specifically in wet road conditions, the PMC-119 provides excellent water dispersion featuring maze-like directional grooves extending to the shoulder. Everything pattern is angled to promote even more water evacuation. This results in a very comfortable and stable tire.

SIZE	LOAD / SPEED	F/R	TT / TL
110/90-13	56P		TUBELESS

PMC134

TRAVEL COMFORTABLE AROUND TOWN.

The PMC-134 is designed to offer a comfortable, economical ride with precise control. It remains nimble in urban terrain while having directional grooves that enable it to ride effortlessly in wet road conditions. Overall, you get controlled and reliable cornering every ride.

SIZE	LOAD / SPEED	F/R	TT / TL
3.50-10		56J	TUBELESS

SCOOTER TIRES

PMC137

WORKS WELL ON ANY ROAD CONDITIONS.

The PMC-137's design was inspired by classic trail tires. Having excellent straight-line stability, it provides reliable off-road grip when needed and a quiet and comfortable ride on-road. It's also no slack in wet-weather conditions with an enhanced tread design and additional sipes on shoulder blocks for dependable water dispersal.

SIZE	LOAD / SPEED	F/R	TT / TL
120/90-10	66M		TUBELESS
130/90-10	66M		TUBELESS

PMC144

A WELL-BALANCED RIDE.

Designed to be a versatile tire, the PMC 144 provides great traction, even on muddy and wet conditions. With a smooth center line for a lower rolling resistance and symmetric multi-side pattern offering good performance on wet conditions and boosts your riding confidence.

SIZE	LOAD / SPEED	F/R	TT / TL
3.50-10	51J		TUBETYPE

SCOOTER TIRES

PMC220

CAN NEVER GO WRONG WITH THE CLASSICS!

Another tire with classic looks, the PMC 220 design was made to handle multiple road conditions, and aims to give comfort, exceptional performance and good traction on wet roads and corners.

SIZE	LOAD / SPEED	F/R	TT / TL
3.00-12	47J		TUBETYPE

PMC281

MORE CONTACT POINTS FOR A GRIPPY RIDE.

The PMC 281 is a high-gripping tire in all road conditions. It provides increased balance and stability suitable for a variety of use. Predictable handling and braking help make this a go-to tire in any situation.

SIZE	LOAD / SPEED	F/R	TT / TL
130/60-13	60H		TUBELESS

SCOOTER TIRES

PMC430

GUARANTEED EVERYDAY PERFORMANCE.

The PMC 430 was also developed for city and touring, making sure it puts comfort first. Tread design disperses water well for better handling and performance on wet road conditions. Wavy longitudinal groove helps promote a more even wear.

SIZE	LOAD / SPEED	F/R	TT / TL
90/100-10	53J		TUBELESS

PMC435

PERFORMANCE ON THE GO!

An all-around sporty looking tire, taking you faster than ever before. The PMC-435 provides exceptional grip and control when riding. It offers good stability for both dry and wet conditions.

SIZE	LOAD / SPEED	F/R	TT / TL
90/90-12	54J		TUBELESS

2 1/4-16	38J		TUBETYPE
2 3/4-16	43J		TUBETYPE

PMC097

JUST THE RIGHT GRIP.

The PMC-097 offers great wear and control. Tread grooves are just enough so it handles well on wet conditions while still maintaining predictable handling on dry.

SIZE	LOAD / SPEED	F/R	TT / TL
2 1/2-16	42J	F	TUBETYPE

STREET TIRES

PMC089

CRUISING WITH CONVICTION.

The PMC-089 is inspired by Cruiser bikes. Designed to give great straight-line stability and give you good mileage while still maintaining superb wet traction.

PMC125

PERFORMANCE EVEN OFF THE BEATEN PATH.

The PMC-125 showcases a large surface area to promote good performance even on unfavorable road conditions. This tire has the right amount of tread pattern to handle loose surfaces but still perform for highway use.

SIZE	LOAD / SPEED	F/R	TT / TL
90/90-18	57P	F/R	TUBETYPE

PMC134

RIDES LIKE A DREAM!

The PMC-134 is a dependable tire to handle even the hardest of adventures. Design is optimized for both Front and Rear to deliver great handling and control, even on wet conditions, ensuring a proper, well-tuned ride.

SIZE	LOAD / SPEED	F/R	TT / TL
100/80-17 VRM134 TUBELESS	52S	F	TUBELESS
130/70-17 VRM134 TUBELESS	62S	R	TUBELESS

PMC126

TEXT

Inspired by Dual Sport tires, the PMC-126 is a flexible tire for any purpose. It can take a good amount of abuse while giving you comfort and confidence to ride whenever, wherever.

SIZE	LOAD / SPEED	F/R	TT / TL
250-17	43P	F/R	TUBETYPE
275-17	41P	R	TUBETYPE
275-17	41P	R	TUBELESS

STREET TIRES

PMC160

CRUISER INSPIRED!

The PMC-160 is another pattern inspired by Cruiser bike patterns. The center design provides good contact patch for the road and features side grooves to help with wet condition performance.

PMC177

ONE FOR THE AGES.

A modern take on a classic pattern. The PMC-177 pays homage to old-school pattern, while constructed to give modern performance, giving you not only good looks, but a well-rounded performance.

SIZE	LOAD / SPEED	F/R	TT / TL
100/90-18	52S	R	TUBETYPE
275-18	48P	F	TUBETYPE
275-18	48P	F	TUBELESS
90/90-18	57P	F	TUBETYPE
90/90-18	57P	F	TUBELESS

SIZE	LOAD / SPEED	F/R	TT / TL
250-17	43P	R	TUBETYPE

STREET TIRES

PMC192

UNMATCHED URBAN PERFORMANCE!

The PMC-192 was designed to have large contact patches for great traction. It also features directional grooves supported by similarly shaped sipes for commendable performance for both wet and dry. Center longitudinal groove gives a more even wear.

SIZE	LOAD / SPEED	F/R	TT / TL
120/90-16	63H	R	TUBELESS

PMC232

DEPENDABLE AND CONSISTENT.

The PMC-232 features a low-void design helps the tires contact the road better and maintain the necessary amount of traction and control for your ride. Directional grooves help evacuate water while riding on wet conditions.

SIZE	LOAD / SPEED	F/R	TT / TL
130/90-15	66P	R	TUBETYPE
130/90-15	66P	R	TUBELESS

STREET TIRES

PMC263

A CLASSICAL MASTERPIECE.

THE PMC-263 features a vintage pattern but construction is retro-fitted for modern performance. Center groove helps provide even wear and symmetric tread gives great water evacuation properties.

PMC282

GREAT TIRES, RAIN, OR SHINE.

The PMC-282 is a high-gripping tire in all road conditions. It provides increased balance and stability suitable for a variety of use. Predictable handling and braking help make this a go-to tire in any situation.

SIZE	LOAD / SPEED	F/R	TT / TL
60/100-17	33L		TUBETYPE
80/100-14	49L		TUBETYPE
90/90-18	57P		TUBETYPE

SIZE	LOAD / SPEED	F/R	TT / TL
100/90-14	57P	R	TUBELESS

PMC368

SPORTY BUT PRACTICAL.

The PMC-368 was designed to give riders a more balanced handling, providing easy direction changes for wet and dry conditions. Features an optimized design for front and rear to maintain performance and resist wear longer.

SIZE	LOAD / SPEED	F/R	TT / TL
100/80-17 V	52H	F	TUBELESS
130/70-17	62H	R	TUBELESS

PMC385

NEVER GOING OUT OF STYLE.

The PMC-385 is in a class of its own. Increased groove ration on shoulder means improved water-draining properties, while angled grooves help distribute contact pressure for a smooth and controlled ride.

SIZE	LOAD / SPEED	F/R	TT / TL
80/100-14	49L	F	TUBETYPE

PMC393

CRUISING TOGETHER.

Based on our PMC-192 design, the PMC-393 is everything you love but more. It still features the large contact patches for great traction. It also features directional grooves supported by more similarly shaped sipes to help promote wet condition performance.

SIZE	LOAD / SPEED	F/R	TT / TL
100/90-19	57H	F	TUBELESS

PMC283

ANOTHER ALL-ROUNDER TIRES!

The PMC-283 was designed with great all-round performance in mind. The zigzag circumferential groove adds to an overall even wear and stability. Shoulder grooves help improve wet condition performance, helping to give a consistent and comfortable ride.

SIZE	LOAD / SPEED	F/R	TT / TL
100/80-16	56P	R	TUBELESS

PMC359

CERTIFIED GREAT PERFORMER.

The PMC-359 is one of the more popular tires in our collection. It provides a rugged on and off-road tread design, which promotes self-cleaning capabilities and great grip on either terrain.

SIZE	LOAD / SPEED	F/R	TT / TL
110/90-17	60P	R	TUBETYPE

PMC432

CONFIDENCE IN EVERY RIDE.

The PMC-432 features deep and pronounced tread design to increase wet condition performance. Profile provides comfort in all street conditions.

SIZE	LOAD / SPEED	F/R	TT / TL
110/80-17	57P	F	TUBELESS

PMC441

ADVENTURE ON 2 WHEELS!

The PMC-441 looks and feels great riding. Inspired by adventure tires, it feels great riding off-road while still maintaining good performance on the tarmac.

SIZE	LOAD / SPEED	F/R	TT / TL
90/90-18	57P	F	TUBETYPE

90/100-21	56M	F	TUBETYPE

PMC272

GREAT FOR STARTING OUT!

The PMC-272 features good handling and traction, providing young riders with a great platform to start their off-road journey.

SIZE	LOAD / SPEED	F/R	TT / TL
60/100-14	29M		TUBETYPE

TRAIL TIRES

PMC273

CONTAIN THE LOOSE CANNON.

The PMC-273 is also designed to tackle loose, soft, and intermediate terrain. Has great self-cleaning properties and grips the dirt well giving you great handling and performance.

SIZE	LOAD / SPEED	F/R	TT / TL
80/100-12	41M		TUBETYPE

PMC298

RIDE LIKE THERE'S NO TOMORROW.

The PMC-298 was designed to give 2 things, On-road performance, and comfort, while giving you the versatility and confidence to tackle a more adventurous trail. Equipped to give you a great experience overall.

SIZE	LOAD / SPEED	F/R	TT / TL
90/100-19	55P	R	TUBELESS

PMC335

DIRT HERO!

The PMC-335 was designed for a great performance on intermediate to hard terrain. Knobs are tightly packed together to give more contact area and increase mileage, while still managing to have spaces to grab well onto the dirt.

SIZE	LOAD / SPEED	F/R	TT / TL
90/90-21	54R	F	TUBETYPE

PMC381

CONTROL ON DEMAND.

The PMC-381 features an intermediate to hard terrain design. Tighter spaced knobs provide a wider contact patch to give you more control over your ride.

SIZE	LOAD / SPEED	F/R	TT / TL
275-17	47L	R	TUBETYPE

PMC500

BULLDOZE THE COMPETITION.

The PMC-500 is a great soft to intermediate terrain tire, providing predictability and greater control on soft and loose terrain. Loosely spaced knobs mean great self-cleaning properties and helps dig and grab onto the terrain giving you the confidence you need.
